of Transportation

Memorandum

Subject: Most Important Overdue Documents

Date: 8/29/2003

From:

Lindy Knapp

Deputy General Counsel, Department of Transportation

To:

Dan Marcus

General Counsel, National Commission on Terrorist Attacks
Upon the United States

Thank you for your August 26, 2003 memorandum on this subject. The status of these documents is as follows:

DOT Document Request No. 2 – Item 21:

Our July 16, 2003 response to the Commission included a chronology of FAA's Operations Center events on 9/11/01, including communications from Secretary Mineta. There are no other responsive documents.

DOT Document Request No. 2 – Item 22:

There are no responsive documents for this item. Secretary Mineta participated in one or more press conferences during this period, and he was interviewed by Bob Woodard. However, we have no transcripts or other documents relating to these events. I thought we had conveyed this information earlier and apologize for our failure to have done so.

Tapes and Transcripts for Herndon ATCSCC:

The FAA projects that the tapes from the Herndon ATCSCC will be available next week. Reproduction of the ATCSCC tapes is a time consuming process as this involves re-recording over 18 hours of communications due to the multiple channels that were active during the time period requested by the Commission.

Please let me know if I can be of further assistance.
